Should you decide to file suit, please note that the eBay business belongs to myself and my husband Michael Meadors so his name should be included in anything you file.

Additionally since we have no rural mail delivery all mail sent through the USPS must be addressed to P.O. Box 87

Just an FYI you might want to point out to your client that since nothing was counterfeit or reproduced and the fabric had a valid copyright obtained by Shamash and Sons & King Features any action is very unlikely to result in recovery of fees or damages.

But you already know all this.

Why don't we all just sit quietly until December 21st when this all goes away. Your client doesn't spend the money, I get the black marks removed and I don't relist the fabric. Probably a better and less expensive outcome than federal court will bring you.
